Basemaps and Optional Layers

How to add an additional basemap/optional layer to your view:

To insert an additional basemap to your view, click the Basemaps and Optional Layers tab located towards the bottom of the contents pane. This opens a new panel with options for changing the basemap or adding defining boundaries and optional thematic demographic maps.

Hovering over each optional layer provides a detailed description.

First Things First Regions

☐ **Regional Boundaries** delineates the 28 Regional Partnership Council areas as **black** boundary lines.
