

Guides & Tutorials

Basic Navigation

Access the data portals:

From the main Data Center welcome page, click on a data center heading in the top navigation bar; this will take you into the portal you selected.

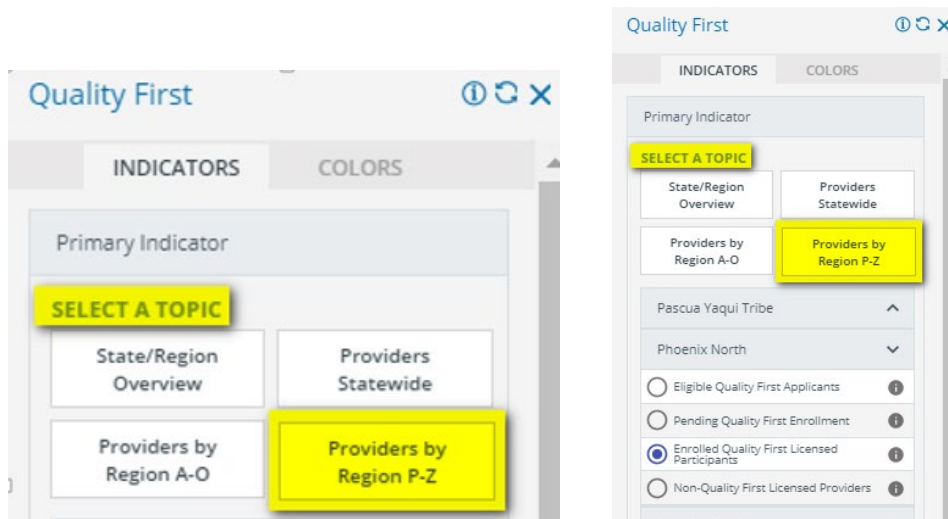

Navigating within a data portal:

On the far left column, you will see the **Primary Indicator** column with topics to select.

Click on one of the topics available under **Select A Topic**.

Primary indicator will become enabled for selection, based on your topic selection.

Guides & Tutorials

Once a selection is made, you can change the selection in *Select group/category* as desired.

Note: All data available within *Select group/category* is available under the **TABLE** tab and may be visible when you click on an area of the map.

The screenshot shows the 'Quality First' interface with a sidebar menu on the left and a data popup on the right. The sidebar menu includes sections for 'INDICATORS' and 'COLORS'. Under 'INDICATORS', there is a 'SELECT A TOPIC' section with buttons for 'State/Region Overview', 'Providers Statewide', 'Providers by Region A-O', and 'Providers by Region P-Z'. Below this are expandable sections for 'State Overview', 'Region Overview', 'Central East', 'Maricopa', and 'West'. The 'Maricopa' section is expanded, showing a list of indicators: 'Eligible Quality First Applicants', 'Pending Quality First Enrollment', 'Enrolled Quality First Licensed Participants' (which is selected), and 'Non-Quality First Licensed Providers'. At the bottom of the sidebar, there is a 'SELECT AN OPTION' button and a dropdown menu with 'Total Quality First Licensed Participants'. A yellow arrow points from this dropdown option to the data popup. The data popup is titled 'Enrolled Quality First Licensed' and lists various metrics such as '# of Children Enrolled 3 - 5 Star', '# of Children with Special Needs 3 - 5 Star', 'Licensed Capacity 3 - 5 Star', and 'Total Quality First Licensed Participants'.
